

CMP Studios – On-site Equipment and Software

The media Studio (A) of Charles Morrow Productions is a well-tuned room ideally suited to voice-over and soloist/small-group production, as well as post-production uses. Voice work is our specialty. We have a sound booth that is a “room within a room.” Studio A is ample for group discussion recordings. Designed by Brian Katz, Ph.D., Arup Acoustics.

Rack Equipment

Alesis 3639 (compressor, effects)
Avalon VT737 (mic preamplifier)
Digidesign HD/96 D/A Interfaces (4)
DBX 160X (effect processor)
E-mu Proteus I (rack module)
E-mu Proteus II (rack module)

Furman PL-Plus Power Conditioners (3)
Kurzweil K2000R-v3 (rack module)
Kurzweil MicroPiano (rack module)
Lexicon LXPI (effects processor)
Lexicon MRC (effects processor) (4)
Millenia MV-3D (mic preamplifier)

MOTU 828 MkII (D/A & A/D interface)
MOTU Midi Time Piece AV (Midi interface)
OSA X2 (mic preamplifier) (2)
Roland R-8M (rhythm module)

Roland S-760 (sampler)
Symetrix TI-101 (telephone patch)
Yamaha SPX 90II (effects processor)
Yamaha TX8IZ (FM tone generator)

Keyboards / Controllers

Alesis QS6
Korg Karma
Korg MonoPoly
Peavey PC1600X (Midi control/fader block)

Microphones

AudioTechnica AT822 (1)
Earthworks Z30X (2)
Neumann TLM103 (1)
Neumann U87 (1)
Sanken COS-11 (3)
Schoeps CMC6 (2)
Sennheiser MD-42I

Shure 545SD (1)
Shure 560 (1)
Shure SM11 (2)
Shure SM17 (1)
Soundfield ST250 B-format, 4-
capsule w/decoder (1)

Field Recorders

PSP 2-mic preamp
Tascam DAP-I DAT recorder

Studio Monitors

Bag End subwoofer (1)
Genelec 1030A (5) in surround configuration
JBL mid-field (2), hung from ceiling
Tannoy Reveal speakers (8) in 8.1 Sound Cube 3D configuration

Video Monitors

30" Panasonic CRT
42" JVC Plasma
14" Toshiba (in booth)
